

Request for Council Action

Originator Engineering	Item Old Cedar Avenue Bridge Enhancement and nearby project update
Agenda Section Study	Date 11/24/2014

Description

The Engineering Division and the consultant, SRF Consulting, will update the Council on the status of the Old Cedar Avenue Bridge over Long Meadow Lake project along with the budget and schedule of the various projects in vicinity of the Old Cedar Avenue Bridge.

Requested Action

Staff would like to request feedback on the bridge enhancements and the other associated projects.
